

5/6 miles walk with apple pie at
Dornaueismühle.....ca. 6 miles, short cut ca. 5

Take the small ferry across the river then turn left.
Keep on walking until you reach a paved road. Do not
cross the road but turn left again. About 20 yards
further on take the path towards the farm
'Dornaueismühle'. Make sure that the river is always
on your left. In about an hour you will reach the farm
where you can enjoy a delicious apple pie. Then walk
over the bridge to the paved road and turn left. If you
go back along the road you will reach the campsite in
about 40 minutes.

If you wish you can take the longer route which will
bring you back to the campsite in just over an hour. In
that case cross the bridge to the paved road and turn
left. After about 200 yards you will see a yellow dot on
your right hand side (also a sign for the
Dornaueismühle). Take the path upwards and turn right
at the T-junction on the paved road (follow the yellow
dots). After about half a mile you will reach another T-
junction. Do not follow the yellow dots to the right but
carry straight on downhill. When you reach the paved
road at the bottom turn right.
